Dear Parents,

We are pleased to introduce the *Maths Oasis* magazine – the first of its kind of full colour, bimonthly maths magazine in Singapore that offers maths comics, puzzles and hands-on activities, problem-solving hot tips, international maths competition questions and solutions, interdisciplinary materials, and most interestingly, showcase of students' work.

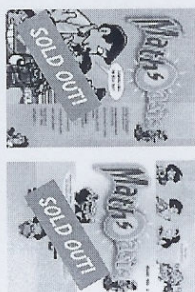

If you are interested in subscribing to this magazine or in ordering the back issues, kindly fill up the order form on the right and mail it to us with your cheque payment.

You may also use the same form to place order for Fancy Envelopes (another quality publication, authored by Dr Koay Phong Lee and published by Maths Oasis Pte Ltd).

We sincerely hope that the variety of ideas offered in *Maths Oasis* will stimulate your children to enjoy Maths, and in a broader sense, to enjoy learning.

With Best Wishes,

Penny Chow
Marketing Manager
Maths Oasis Pte Ltd
