

MATHS OASIS Y09 PROFICIENCY TESTS

Dear Parents/Students,

We are pleased to inform you on a new addition to our family of Evaluation test beginning with....

General Maths Proficiency Test

This 1 h 45 min MCQ test is specially designed for learners who are curious in discovering more about their mathematical inclination and the level of development of their thinking skills. By providing feedback on the learner's proficiency in different skill areas inclusive of mathematical skills, thinking skills, and adaptability to handling non-routine tasks, this test helps learners make informed choice when planning their learning activities.

Primary 2(Y2009) pupils will write the same test as Primary 3(Y2009) pupils while Primary 4(Y2009) pupils will write the same test as Primary 5(Y2009) pupils.

Syllabus-based Maths Evaluation

This 2 h 30 min evaluation, which follows the same format as the PSLE, measures the learner's mastery of the content knowledge and skills detailed in the school maths syllabus. A short discussion will be included to better understand the learner's thinking processes and misconceptions, if any. A report detailing the learner's strengths and weaknesses, and areas of misconceptions will be provided to help the learner draw up his/her study plan with clarity.

Only available for Primary 4(Y2009) and Primary 5(Y2009) pupils.
