

MATHS OASIS Y2014 EVALUATION TESTS

Dear Parents/Students,

We are pleased to inform you of our family of Evaluation Tests beginning with....

General Maths Proficiency Test

This 1 h 45 min MCQ test is specially designed for learners who are curious in discovering more about their mathematical inclination and the level of development of their thinking skills. By providing feedback on the learner's proficiency in different skill areas inclusive of mathematical skills, thinking skills, and adaptability to handling non-routine tasks, this test helps learners make informed choice when planning their learning activities.

Primary 3 pupils will write the same test as Primary 4 pupils while Primary 5 pupils will write the same test as Primary 6 pupils.

Syllabus-based Maths Evaluation

This 2 h 30 min evaluation, which follows the same format as the latest PSLE Maths exam, measures the learner's mastery of the content knowledge and skills detailed in the school maths syllabus. A short discussion will be included to better understand the learner's thinking processes and misconceptions, if any. Includes a detailed report that highlights your child's strengths and weaknesses. With a better understanding of your child's misconceptions, and the topics and skills that need attention, you can help your child plan his/her revision more effectively

Only available for Primary 5 and Primary 6 pupils.
